

HOW DO YOU ACHIEVE A **2.1%** HOSPITAL RE-ADMISSION RATE?

MAKE SPRING HILLS HOME CARE SERVICES PART OF YOUR DISCHARGE PLANNING!

HOW DO WE DO IT?

We address the Top 5 Risk Factors for Hospital Re-Admission:

- **Lower Extremity Weakness**
- **Medication Errors**
- **Nutritional Insufficiencies**
- **Social Isolation**
- **Transfer Trauma**

Our suite of services provides individualized solutions for patients' needs whether they are being discharged to a SNF, IL, AL, or private residence:

- **Transitional Risk Management Program**
- **6 to 24 hours of One-on-One Care**
- **Companionship to full ADL assistance, errands, light housekeeping, and transportation**
- **Only certified, licensed, bonded CNA's and CHHA's**
- **Private Duty Nursing**
- **Proactive Wellness & Nutritional Assessments**
- **Private Pay Care**

[which eliminates care restrictions normally found in home health episode]

The sooner the better! We will come to you & coordinate care with your patients, family and team!
